

“As we celebrate our 20th season of Jackrabbit Soccer I believe the opportunity to move to campus will launch our program towards even great success over the next 20 years. It will provide increased visibility and a first rate student athlete experience for the amazing young women within our program”

*Brock Thompson,
Head Coach*

Jackrabbit Soccer has a storied history dating back to its inaugural season in year 2000. Since then, our program has built champions on the field of play, in the community and in the classroom. To be exact, Jackrabbit soccer has been to six NCAA Tournaments, won 13 Championships (six regular season, seven tournament titles), has produced 94 All-Summit League honorees, including 44 first team selections, 18 Summit League Yearly Award Honors and eight NSCAA/USC All-Region selections including one NSCAA All-American.

Building off that success, Jackrabbit Soccer looks to turn the page on a new era. An era that features Jackrabbit Soccer competing on campus in one of the region’s top facilities. With a plan to be located east of Dana J. Dykhouse Stadium, and southeast of Erv Huether Field, a new on-campus soccer stadium is ready to become a reality.

Our vision as a program is to make Jackrabbit Soccer a destination program through undeniable on the field success, unquestioned community support and an unrivaled team culture. An on-campus soccer stadium is vital in our quest to achieve this vision.

Bringing soccer to our campus will unify the program with other existing athletic infrastructures and programs. It will also ensure South Dakota State soccer maintains its immense success as we continue to pursue conference and NCAA championships for years to come. With the stadium location set and an estimated cost of around \$2,000,000, our vision can become a reality in an expedited manner. Naming opportunities exist in a number of areas within the stadium.

Some key features to the new project:

- State of the art natural field turf
- State of the art field lighting
- New scoreboard/video board
- Permanent grandstand and press box
- Covered benches for student athletes.

**SUPPORT THE PROJECT:
Recognition Opportunities**

(gifts may be made over a five year pledge period)

Naming of Stadium	\$1,500,000
Entrance Plaza	\$1,000,000

Locker Rooms (Two)	\$100,000 each
Coaches Offices	\$25,000
Official Rooms	\$25,000
Lockers	\$10,000 each
Donor Wall	\$5,000

*Caylee Costello,
Assistant Coach*

“South Dakota State provided me with countless opportunities to chase my dreams and grow as an individual. Now living out my dream of coaching the game I love and serving Jackrabbit nation, it’s important to give back to the program and support the future of the yellow and blue. This stadium and your support means SDSU soccer has a home on-campus, providing a chance for future Jackrabbits to play in front of their peers and train in a first-class facility.”
